

ENTRY LEVEL LANDSCAPE ARCHITECT

Grissim Metz Andriese Associates is an award-winning landscape architecture firm located in historic downtown Northville, MI. For fifty years, we have been servicing a diverse clientele comprised of Fortune 100 companies, major real estate developers, hospitals, educational institutions, municipalities and architects. Our services include Master Planning, Site Design, Landscape Design, Hardscape Design, Site Sustainability Design, Sports Facility Design and Environmental Graphics.

GMA is seeking a full-time, entry level landscape architect to join our team. As an entry level landscape architect, you will support the design team by providing research, prepare construction documentation, and presentation renderings for a variety of project types and market sectors. We are looking for individuals with good organization, time management and excellent communication skills, including a strong sense of design and the desire to learn and excel.

This role requires a strong proficiency in AutoCAD 2012 or higher, Adobe Photoshop CS5, SketchUp and Microsoft Office. In addition, a working knowledge of Adobe Illustrator, InDesign and Acrobat are desirable.

A Bachelor's Degree in Landscape Architecture or Architecture from an accredited program, plus 1-3 years experience working in a professional design environment is desired.

GMA offers an excellent compensation and benefits package commensurate with qualifications and experience.

Email resume and work examples to: hr@gma-la.com (PDF file format preferred).
