Edition 2.2

Happy Monday!

I am excited to officially announce that **Celeste Allen Novak, FAIA**, is the newest College of Fellows member! In addition to having her membership status elevated, Celeste has the distinct honor of being the only recipient of Michigan to be named a Fellow in 2014. She will be celebrated at the AIA Michigan Fellows Reception in May and at the AIA National Convention in Chicago in

June. Congratulations Celeste!

Registration is open for the **Grassroots Conference** (March 19-21st) in Washington, D.C. Be sure to [register](#) early and book your [hotel room](#) by February 14th!

Legislative Day 2014 is now open for registration! The registration form for the event, held on March 5th this year, is available on [our website](#). Please call the office if you have any questions!

Registration for the **Health Facilities Planning Seminar** is currently open and we are happy to announce that this event offers 6.5 LU hours and 5 HSW hours! Visit our [website](#) for more information and to register.

Have a great week and remember to contact me anytime with your ideas or if you would like to join a committee!

Damian On Design: Recap and Upcoming Show Information

Damian Farrell, AIA, interviewed Helene Dreiling, AIA National 2014 President this past Saturday. Helene reported on the Repositioning initiative, national and international outreach of the AIA and its connections, insight into her presidential year, and she discussed education as well.

This upcoming Saturday, February 15th, you can hear Damian interview Glen LeRoy, FAIA! Glen will be talking about Lawrence Tech's plans for a Center for Design and Technology in Midtown. He will discuss how the idea came about, the goals and intentions of creating this space, and highlight the programs and partnerships that the Center will foster.

[Damian on Design](#) airs Saturdays at 11:10 AM on The Lucy Ann Lance Show at 1290 WLBY and is live-streamed at www.1290WLBY.com.

RESPACE | Porch Competition

RESPACE | Porch is challenging people to design a small, outdoor community gathering space which exhibits exemplary design using reuse materials. This year the competition combines issues of program, culture and context to the challenge of designing with reuse materials. You are asked to design a space that will allow Hope House (a non-profit outreach program for the inner-city of Wake Forest, NC) to continue growing by moving some of its programs outside. This will solve their need for space and increase their connection to the neighborhood.

Registration closes Feb 20th, so act quickly if you would like to compete in this design competition! Click here for the [flyer](#).

AIA Huron Valley: "50 Years, 50 Buildings, 50 Ideas for the Future"

HURON VALLEY TURNS 50!

Greetings for the New Year! 2014 is a significant year for the AIA Huron Valley Chapter as we commemorate 50 Years since the formation of our Chapter in December 1964. Our anniversary celebration will focus on the theme "50 Years, 50 Buildings, 50 Ideas for the Future". There will be several events throughout the year centered around this theme, but the Guide to Ann Arbor Architecture deadline is fast approaching!

For the "50 Buildings" portion of our year's theme, we will be expanding our existing "Guide to Ann Arbor Architecture" to include 50 significant buildings from the Huron Valley Region, and distributing this entire collection in a medium fit for 2014: a geo-located mobile app! Currently, our existing brochure includes 35 notable architectural works, so we're looking for an additional 15 submissions of significant/influential Architectural works, built within the Huron Valley Region (Jackson, Lenawee, Livingston, Monroe and Washtenaw Counties).

If you know of a building that deserves to be included, please submit the information noted below by 5 pm on February 21 via email aiahv50th@gmail.com. All submissions will be considered for inclusion, and 15 will be selected for publication this year. As there are likely to be an excess of 15 submissions worthy of inclusion, we are also considering making this app a continually updated resource, that is,

additional works of architecture can be added in future years through a similar vetting process.

Thank you for your participation and we look forward to receiving your submissions.

Beaux Arts Ball: Feb 22nd at the Detroit Masonic Temple

The annual AIAS Beaux Arts Ball is a production of the LTU and UDM AIAS groups. This year, the ball is at an exciting location: the Masonic Temple in Detroit! The AIAS groups have assembled a great package of sponsorship opportunities, click [here](#) to view the sponsorship details.

CAM: Call for Entries: Special Issue 2014

The Construction Association of Michigan (CAM) has announced a Call for Entries for this year's Special Issue of their monthly publication. Winning projects will be featured in the Special Issue and will also receive a commemorative plaque at the CAM Awards show, held annual during their tradeshow in February. The deadline for submissions is Friday, March 7th; click [here](#) for the Call for Entries criteria and instructions.

AIA + 2030 Professional Series

The AIA+2030 Professional Series began Sept 26, 2013 and

continues through 2014. This series helps design professionals create buildings that meet the ambitious energy efficiency goals of the 2030 Challenge. Ten, 4-hour sessions offer strategies to reach 60% reduction in fossil fuel greenhouse gas emissions, giving design professionals the knowledge and leverage to create next-generation, super-efficient buildings and provide firms with the skills that will set them apart in the marketplace.

AIA Huron Valley has arranged for this year's AIA +2030 sessions to be held at Henry Ford Community College, Dearborn. Please view the full description and registration information [here](#).
