

AIA Michigan Monday's Minutes

Cathy Mosley, Hon. Aff. AIAMI
Executive Director

November 11, 2013
Edition 11.2

Happy Monday and Happy Veterans' Day!

This week I am excited to officially announce our **Holiday Open House** on December 5th! The Open House always follows the Board Transition Meeting here at the Beaubien House and this year we are hosting the festivities in conjunction with AIA Detroit. A collection or donation is taken for a charity each year and this year **Camp Hayo-Went-Ha** has been

chosen to benefit from the donations. The Camp is a non-profit institution on Torch Lake and is home to the annual AIA Michigan Design Retreat. (This year will be the 25th Anniversary of the Design Retreat!) The camp has been continuously committed to the success of our event and we would like to give back to the camp by raising funds to help their "Sparks" Day Camp program and ensure

underprivileged children have the opportunity to learn, grow, and have fun at camp! Please view the flyer (also below) for more information about the Holiday Open House and click [here](#) if you would like to donate. I hope to see all of you on December 5th!

As of last week, **HB 4585** has passed the House and the Senate and was sent to the Governor for approval. To read more about HB 4585, click [here](#).

One last reminder: Book your hotel room for the **AIA National Convention**, (June 26-28, 2014 - Chicago, IL), using the AIA Michigan room block! The AIA Michigan hotel choice for the Convention is the Palmer House Hilton; please click [here](#) for registration instructions!

Have a great week and we hope to see you all at the Beaubien House for the Holiday Open House following the Board Transition Meeting on December 5th!

Cathy Mosley, Hon. Aff. AIAMI
AIA Michigan Executive Director

Government Affairs Update: Mandatory Continuing Education Required for Michigan Architects

Dear AIA Colleague

On November 1, 2013 the new Mandatory Continuing Education Rule Requirements will be in effect for architects, professional engineers and professional surveyors. Architects licensed in Michigan will be required to obtain and document 24 hours of Health, Safety and Welfare (HSW) for licensing renewal by October 31, 2015 and every subsequent two year renewal period.

What does this mean for you? If your license renewal start is November 1, 2013, you are required to obtain 24 hours of approved Health, Safety and Welfare credits in order to renew your license 24 months later (November 1, 2015). For those license renewals on November 1, 2014, the credits would need to be earned by November 1, 2016. The list of approved subjects is listed in the new Rules (Rule 506). Yes, AIA is an approved sponsor (Rule 505). Please review the new Rules provided in this [link](#).

As an AIA member I am working with a small group to implement a continuing education program to give members the opportunity to attend events and obtain 18 HSW credits annually. Over a 2 year period that totals 36 hours of HSW credits available to you from AIAMI. These events will either be free or at a very low fee for AIA members, and significantly more for non-AIA architects.

Thank you for your support and keeping our profession strong.

Benedetto Tiseo, FAIA, NCARB
Chair, AIAMI Government Affairs Committee

Second week reminder:

2013 UDM AIAS Mentoring Detroit Tour Attendees

The University of Detroit Mercy's AIAS group has launched a new fundraising initiative and wants to get the word out! Read their Fundraising Initiative Summary for information about what AIAS is and the UDM AIAS activities you can be involved in, including: the Materials Fair Expo, the annual Beaux Arts Ball, Mentoring Program and the AIAS Forum T-Shirt design.

Click [here](#) to read the Fundraising Initiative Summary and click [here](#) to contact the UDM AIAS directly.

AIA + 2030 Professional Series

The AIA+2030 Professional Series begins Sept 26th and helps design professionals create buildings that meet the ambitious energy efficiency goals of the 2030 Challenge. Ten, 4-hour sessions offer strategies to reach 60% reduction in fossil fuel greenhouse gas emissions, giving design professionals the knowledge and leverage to create next-generation, super-efficient buildings and provide firms with the skills that will set them apart in the marketplace.

AIA Huron Valley has arranged for this year's AIA +2030 sessions to be held at Henry Ford Community College, Dearborn. Please view the full description and registration information [here](#).
