FOR IMMEDIATE RELEASE:

Speakers Bureau

Looking for a speaker for your business group, public service organization or professional association? Consider this - while all of us view and interact with our community's buildings, few of us understand the built environment like architects - and we want to share our insights.

The American Institute of Architects (AIA) is proud to announce that we have established a statewide Speakers Bureau of AIA members willing to speak to organizations just like yours. Descriptions of presentations can be found on our website, aiami.com/speakersbureau, including images that illustrate the content of these presentations.

Please visit the website and see what architects find interesting and exciting. We encourage you to contact a speaker and schedule a presentation for your group or organization. Keep your eye on the website as we will continue to add speakers in more areas around the state.

This is a complimentary service provided by AIA members. If you have any questions regarding the Speakers Bureau program, simply call AIA Michigan at 313-965-4100.
