Happy Columbus Day!

Whether you call it Columbus Day, Discovery Day or Indigenous Peoples Day, use today as a reminder to keep learning and conquering new frontiers of knowledge. One way to embrace the spirit of discovery is to attend a new program, and this month is certainly not lacking for options. Large States, Annual Meeting, BESTT, BEC, NOMA ...there is a lot going on, so keep reading for a breakdown of what to expect:

Annual Meeting Day:

The Annual Meeting Day on October 26th. It is a full day of activities, including sessions discussing the workplace and where the direction of the architecture profession, as well as our annual meeting and town hall meeting. The registration fee is minimal for members and Fanning Howey, Lott3 Metz Architecture, LLC, Stucky+Vitale Architects and Tiseo Architects, Inc have generously offered to pay for the AIA Associate and AIAS member registration fees, so I highly encourage our Associates and AIAS members to take advantage of this opportunity.

To give you a better idea of what to expect at Annual Meeting Day, I will showcase a program from the event in each Monday Minutes leading up to the meeting day. This week I am featuring: "**Cross Generational Communication**" by **Sam Moschelli, Associate AIA** and interim Business Manager for AIA Detroit. Moschelli's presentation will be an interactive conversation about the four types of generations who are active volunteers within our chapters. It will enable attendees to better understand generational values, as well as each generation's work and communication styles. This will allow volunteers to increase interaction and create effective work strategies.
