

WESTERN MICHIGAN UNIVERSITY

Facilities Management

Public Notice

April 1, 2019

Founded in 1903, Western Michigan University is a student-centered research university located in Kalamazoo, Michigan, with an enrollment of over 23,000. WMU is Michigan's fourth largest higher education institution, attracting a diverse and culturally rich student body from across the United States and almost 100 other countries.

The University is seeking information and qualifications from Architectural/Engineering firms in Michigan. WMU plans to pre-qualify interested firms for an upcoming project at Dunbar Hall, a 78,000 s.f. classroom building on the main campus.

As a minimum, proposed design teams should have experience with 1) Large-scale renovations; 2) major utility upgrades (for both occupied and unoccupied buildings); 3) higher education projects; and 4) projects incorporating sustainable design principles.

The Qualifications questionnaire and instructions for submission may be obtained from Wendy Vander Meulen, Director of Logistical Services, at: wendy.vandermeulen@wmich.edu. RFQ Questionnaires must be received no later than 12:00 pm April 18, 2019 to be considered. Phone contact: (269) 387-8804.
