

PROJECT ARCHITECT

Hooker DeJong, Inc. (HDJ), one of the “Nationals Best & Brightest Companies”, is a growing Architectural and Engineering firm, with an immediate opportunity for a talented Architect to work on a variety of projects throughout the country. HDJ is a Michigan based firm with production offices in Muskegon and Grand Rapids, with satellite offices in Chicago, Indianapolis and Ohio. This position will be based out of either of our Western Michigan production offices. You will be responsible for coordinating project team efforts for effective execution of project design and the delivery of construction documents. Technical expertise and experience will be used to lead the project team through coordination and quality assurance processes throughout the project. You will participate in documentation and clarification efforts, as well as submittal review and site observation during bidding and construction. Qualifications include:

- Bachelor’s degree or Master’s degree in Architecture
- Licensed Architect in United States, or working towards licensure
- 8+ year experience in all phases of design, from schematic design through construction administration and close-out
- Thorough knowledge of construction codes and agency compliance
- Essential knowledge of coordinating work with engineering disciplines a must
- Experience with Autodesk Revit software and/or AutoCAD
- Excellent written, verbal & visual communication skills with colleagues and clients of all levels
- Excellent planning and organization skills required for our fast-paced environment
- Ability and willingness to travel.

If you are looking to be part of an award winning, interdisciplinary design firm, working alongside a skilled team of architects, engineers, planners and interior designers, and have the drive to flourish in a high energy environment – then this is the position for you. HDJ offers a competitive wage and benefits package and was named one of the “Nationals Best & Brightest Companies to Work For” in 2014, 2015, 2016, 2017 & 2018.
