## President's Message - Victor Saroki, FAIA

The Annual Meeting Day was a great experience for numerous reasons and I would like to thank everyone who contributed in making the day such a success. Our hosts at the Christman Company were very gracious with our meeting space and with the member reception after the town hall meeting. The speakers were interesting and personable and the

tour guides were knowledgeable and well-informed. As always, we are appreciative of our sponsors and many thanks to the AIA Michigan staff for enabling the different sessions to transition seamlessly.

November brings us closer to the holidays, but it also brings us closer to the end of this year and compels us to look forward to the coming events of next year. One of these upcoming happenings is the official Executive Director Search. We have a committee in place to select two potential candidates who, along with Cathy Mosley, will be considered for the position of our next leader. The search committee will initiate this process by sending out solicitations and press releases at the end of January. The Board of Directors will conduct the final interviews and will make a decision in May. We will continue to update the membership as more relevant information becomes available.

Sincerely,

Victor Saroki, FAIA

Many of our programs have settled down this month, so now is a great time to address the questions from our members. Though we are preparing for next year, you may have noticed the Honor Awards 2013 Call for Entries that went out earlier this week, we set aside time to evaluate our programs and efforts from the year to prepare a new "game plan" for next year. What do you think about the events and initiatives that happened in 2012? What did you love and what do you want to see changed next year?

Also, please look below at the AIA renewal information. There are several incentives for early renewal that might be of benefit to you. And please mark your calendar for the AIA Michigan and AIA Detroit EPC Holiday Open House on December 13th!

Please take a moment to answer this month's poll question at the top left of this newsletter. Last month we asked you what event you would attend if you could only attend one AIA event in a given year. The responses were fairly even across the board but Design Retreat and National Convention were tied for the winner. Your feedback, both the positive and the negative, will help us plan for next year, so thank you to all who responded!

### Support the Frank Lloyd Wright Affleck House!

This elegant, custom commemorative pen is designed and handmade by Lawrence Technological University School of Architecture alumni Frederick F. Butters, FAIA, Esq. from the few remaining remnants of the Tidewater Cypress wood removed from the Frank Lloyd Wright designed Affleck House during recent maintenance.

Placed on the Michigan State Register for Historic Places in 1978, and the National Register of Historic Places in 1985, the guest register records over 10,000 visitors who have enjoyed the splendor of this magnificent design. All proceeds will be exclusively employed to complete the on-going Affleck House restoration.

Don't miss this once in a lifetime opportunity to own an actual piece of Architectural History while supporting a good cause. Act soon as orders will be closed at 100 and no more will ever be made. Fewer than 40 remain!
