Don't forget to take our current survey question of the month.

Do you learn about continuing education opportunities and events through work or do you search for them on your own?

We will post the results in our next newsletter.

"We shape our buildings; therafter, they shape us." - Winston Churchill

Greetings! I hope everyone had a great weekend. There are a lot of meetings for events this week so I will be in and out of the office sporadically, but email me or call the office and I will get back to you as soon as possible!

Friday I attended the AESLC (Architects, Engineers, Surveyors Legislative Committee

and the AIAMI Government Affairs Committee meetings. There are many bills and issues that the committees are pursuing on behalf of the members. Please check out the Government Affairs Website page <u>here</u> to learn more about the committees. Legislative Day for 2013 has been set for Wednesday, March 13, 2013. As always the Government Affairs Committee is interested in your thoughts regarding legislative issues that affect our practice. In the past your comments have helped shape our Advocacy agenda and we encourage your continued suggestions, if you would like your comments will remain anonymous. If you would like to become active on the Government Affairs committee or send comments on issues please contact me at cathy@aiami.com.
