

# KOO HIRING ARCHITECTURAL DESIGNER

**Company Profile:** KOO is a Chicago-based architecture, interior design, and urban planning firm. Our work includes an interesting mix of project scales and typologies including hospitality, residential, education, and civic and includes new construction, renovations, and adaptive reuse projects. We aim to craft buildings and interior environments that create a unique identity for each project with a collaborative and inclusive design approach.

For more information, please see our company website at <https://www.kooarchitecture.com>.

**Job Description:** KOO is seeking a full-time Architectural team member with 2-5 years of professional office experience. The ideal candidate will exhibit excellent communication and organizational skills. They will have design ability and aesthetic sense as well as an interest in the technical aspects of Architecture. They will be familiar with the preparation of construction documents in Revit and be able to contribute to a team under the supervision of a Project Architect. They will be a motivated self-starter who is passionate about Architecture. The position will involve architectural and interior design activities ranging from programming and planning to design, documentation, and construction administration. **If interested, please email your resume, cover letter, and link to your portfolio to [employment@kooarchitecture.com](mailto:employment@kooarchitecture.com).**

## **Job Requirements:**

- 2-5 years of office experience
- B.Arch or M.Arch degree from an accredited School of Architecture
- Legal authorization to work in the US for at least 2 years
- Office experience in Revit and AutoCAD
- Strong verbal and written communication skills
- Strong organizational skills
- Passion for design and professional growth

**Salary:** Commensurate with experience

**Job Location:** Chicago, IL
