

Kim Nowak | MDOT

Session: Mackinac Bridge, Then and Now

Bio: Kim, who has served as executive secretary of the MBA since May 2019, oversees all operations, management and maintenance of the Mackinac Bridge. She previously served as the chief engineer at the bridge since 2002, overseeing bridge maintenance work, as well as contracted design, inspection and construction work. A Grand Rapids native and St. Ignace resident, she is a member of the International Cable Supported Bridge Operators Association and a 1985 MTU graduate.

Prior to her tenure at the bridge, she held several positions with the Michigan Department of Transportation (MDOT), including stints as a general engineer with the department's construction division in Kalamazoo; project design, construction and assistant resident engineer in St. Ignace; and delivery engineer at MDOT's Newberry Transportation Service Center (TSC).
