

AIA Michigan Monday's Minutes

Cathy Mosley, Hon. Aff. AIAMI
Executive Director

July 15, 2013
Edition 7.3

Happy Monday!

This week's edition will arrive in your inbox a little late because I spent the day in Lansing with the Mid Michigan chapter and our President, Tamara Burns, AIA, doing a community service project with the Veterans of America association. It was a great experience and we hope to do more service projects with our chapters in the future.

This week I am happy to announce the first of (hopefully) a series of firm tours through the AIA Michigan Center for Emerging Professional Resources (CEPR). The first tour will be of the Blu Homes design office in Ann Arbor on August 2nd. We hope that Emerging and Established Professionals alike will attend the tour and the following happy hour.

It's also not too early to mark your calendar for the Design Retreat September 20-21 and the AIAMI Annual Meeting October 25th. Watch the website for future updates.

Speaking of the website, I announced last week that we are making some changes to make the site more user friendly. Work is still in progress, but let us know what you think of the changes thus far.

Have a great week and we hope you stop by the Beaubien House for a visit or a tour if you are in Detroit!

Sincerely,

Cathy Mosley, Hon. Aff, AIAMI
AIA Michigan Executive Director

LTU AIAS: Grassroots Donations Needed!

A message from the AIAS chapter at LTU:

We are the American Institute of Architecture Students (AIAS) at Lawrence Technological University (LTU) and we are passionate about enhancing the college experience for architecture students. Our chapter's focus on the development of leadership programs helps connect students with the profession of architecture; empowering students to take control of their architectural education and give back to the community.

This year our chapter wants to send our students to the AIAS Grassroots Leadership Conference in Washington, D.C. This conference has been preparing future leaders in architecture for the past 28 years and we want to give all of our LTU AIAS members the opportunity to attend this important symposium.

The AIAS LTU chapter has been an independent student run organization for the past 33 years and has created a culture of collaboration, education, and professional career preparation. With your contribution you are helping the AIAS facilitate a community of active, dynamic students who want to get more out of our education than just a diploma-- we want to make a

difference!

Any donation, big or small, will help us achieve our goals so click [here](#) if you are interested in donating. Thank you!
